## **Vectorworks, Inc. is a Finalist in 2020 Architizer A+Awards**

Vectorworks Architect 2020 competing in Software & Digital Tools category until voting closes on July 31

Columbia, MD (July 23, 2020)—[For the second year in a row](#), global design and BIM software provider [Vectorworks, Inc.](#) is an [Architizer A+Awards finalist](#). Specifically, [Vectorworks Architect 2020](#) is competing against three other products for the 2020 Architizer A+ Popular Choice Award and the Jury Award in the Software & Digital Tools category. Vectorworks Architect 2019 was the [2019 Architizer A+Awards Popular Choice Winner](#) in the Design Tools-Apps & Digital Tools category.

Now in its eighth season, the Architizer A+Awards will highlight the most pressing issues facing architecture and design today. Through relevant new categories, topical coverage and pioneering jurors, the awards will celebrate industry professionals working at the forefront of today's creative challenges. The 2020 awards will promote work that is harnessing cutting-edge approaches, materials and technologies to create more resilient spaces and cities for generations to come.

New this year are awards that emphasize the industry's most innovative use of materials and technologies, as well as those celebrating sustainable design and new approaches to building. These include categories for sustainable products, design hardware and BIM technology.

"We are honored to be a finalist again for this prestigious award and thank Architizer for including us alongside other incredible products and companies who are helping to drive the AEC industry into the future," said Vectorworks Vice President of Marketing Jeremy Powell. "Each year, we strive to provide enhanced and new software capabilities that simplify design workflows from sketch to BIM. In particular, Vectorworks Architect 2020 was created with an emphasis on helping architects strike a balance between practicality and creativity using data-driven insights."

The jury evaluates the product categories based on aesthetics, performance and impact.

The Architizer A+ Popular Choice Award is determined by public voting. Be sure to cast your vote by July 31 on [their website](#). Popular Choice and Jury winners will be announced on August 4.

### About the Nemetschek Group

The Nemetschek Group is a globally leading software provider for the digital transformation in the AEC/O and media industries. Its intelligent software solutions cover the entire lifecycle of construction and infrastructure projects and allow creatives to optimize their workflows. Customers can plan, construct, and manage construction projects more efficiently and sustainably, and develop digital content such as visualizations, films, and computer games in a creative way. The software company drives new technologies such as artificial intelligence, digital twins, and open standards (OPEN BIM) in the AEC/O industries to increase productivity and sustainability and continuously expands its portfolio, including through acquisitions and investments in innovative start-ups. More than 7 million users are currently using the customer-focused solutions. Founded by Prof. Georg Nemetschek in 1963, the Nemetschek Group today employs more around 4,000 experts.

The company, which has been listed in the MDAX and TecDAX since 1999,

achieved a revenue of EUR 995.6 million and an EBITDA of EUR 301.0 million in 2024. Since the end of 2024, the Nemetschek Group is certified in accordance with ISO 27001, the internationally recognized standard for information security management systems (ISMS).
