

WORLD ENGINEERING DAY

Feb 28, 2022 19:00 UTC

Celebrate World Engineering Day 2022 with us!

Hasselt, February 28, 2022 - Engineers are the backbone of our company: from the people who develop our software, to the support team, the sales force and of course our customers.

We all share a passion for structural engineering in particular. Everyone is driven to not only create the best structural engineering software in the industry but also make sure that our customers know how to make the most out of it. We pride ourselves on the knowledge of our people and how this translates into innovation that matters.

No wonder we are in full support of the World Engineering Day! It's a

celebration organised by DiscoverE to collectively recognize engineers worldwide. This year, we celebrate engineers' achievements around the world on 4 March 2022.

Celebrating World Engineering Day 2022 can be done by honouring the engineers in your life: let them know the work their doing is fantastic and contributes to a better world. World Engineering Day 2022 is also the perfect opportunity to promote STEM-oriented fields of study by letting young people know why you love your engineering job.

Don't hesitate to [share with us](#) your World Engineering Day 2022 input!

About the Nemetschek Group

The Nemetschek Group is a pioneer for digital transformation in the AEC/O and the media & entertainment industries. With its intelligent software solutions, it covers the entire lifecycle of building and infrastructure projects, guides its customers into the future of digitalization and enables them to shape the world. As one of the leading corporate groups worldwide in this sector, the Nemetschek Group increases quality in the building process and improves the digital workflow for all those involved. Customers can design, build, and manage buildings more efficiently, sustainably and resource-saving. The focus is on the use of open standards (OPEN BIM). The portfolio also includes digital solutions for visualization, 3D modeling, and animation. The innovative solutions of the brands ALLPLAN, Bluebeam, Crem Solutions, dRofus, FRILO, Graphisoft, Maxon, Nevaris, RISA, SCIA, Solibri, Spacewell and Vectorworks in the four customer-oriented segments are used by approximately 6.5 million users worldwide. Founded by Prof. Georg Nemetschek in 1963, the Nemetschek Group today employs around 3,400 experts all over the world.

Publicly listed since 1999 and quoted on the MDAX and TecDAX, the company achieved revenue amounting to EUR 681.5 million and an EBITDA of EUR 222.0 million in 2021.
