Maxon Announces Cinema 4D S24

Easily browse and intuitively place assets within scenes, key animation workflow enhancements, and continued development on powerful nodes system

Friedrichsdorf, Germany – April 13, 2021 – [Maxon](#), the developers of professional software solutions for motion designers and visual effects artists, today announced [Cinema 4D Subscription Release 24 \(S24\)](#). The latest subscription-only release of Maxon's 3D application allows users to easily browse and obtain models, materials and other assets, and to intuitively place them within the scene. The release also includes key workflow enhancements and a sneak peek at continued progress on the Scene Nodes and Scene Manager interfaces to the new core. Cinema 4D S24 is immediately

available for subscription customers. For perpetual license holders of Cinema 4D a release is scheduled later this year that will incorporate the features of S24, as well as future enhancements.

About the Nemetschek Group

The Nemetschek Group is a pioneer for digital transformation in the AEC industry. With its intelligent software solutions, it covers the entire lifecycle of building and infrastructure projects and guides its customers into the future of digitalization. As one of the leading corporate groups worldwide, the Nemetschek Group increases quality in the building process and improves the digital workflow of all those involved in the building process. This makes it possible to design, build and manage buildings with greater efficiency, sustainability and environmental compatibility in terms of resources. The focus is on the use of open standards (Open BIM). The portfolio also includes digital solutions for visualization, 3D modeling and animation. The innovative products of the 15 brands of the Nemetschek Group in the four customer-oriented segments are used by approximately six million users worldwide. Founded by Prof. Georg Nemetschek in 1963, the Nemetschek Group today employs more than 3,000 experts.

Publicly listed since 1999 and quoted on the MDAX and TecDAX, the company achieved revenue amounting to EUR 596.9 million and an EBITDA of EUR 172.3 million in 2020.
