Maxon Celebrates Artists and Their Art for Pride Month 2021

Friedrichsdorf, June, 2, 2021: Every June, we reflect on the progress we have made on efforts towards equality for LGBTQ+ Americans and continue to strive for our goal of unequivocal acceptance. This year, Maxon will be celebrating Pride Month by featuring our LGBTQ+ community members' artwork. All month we will be accepting submissions and featuring those creative endeavors on our social media and other channels.

Creatives from the LGBTQ+ community are encouraged to [share their art](#) created with our product lines including the award-winning [Cinema 4D](#) suite

of 3D modeling, simulation and animation technology, the intuitive [Forger](#) mobile sculpting app, the diverse [Red Giant](#) lineup of revolutionary editing, motion design and filmmaking tools, and the high-end production, blazingly fast [Redshift](#) rendering solutions.

The artwork featured above was created by artist Noah Camp ([Instagram](#) | [Website](#)). "This piece was created with Cinema 4D and Redshift. I made it to express that sometimes I am exploding with Pride, and other times need a little help from my chosen family to feel it," commented Noah "The truth is we should always feel proud to be our authentic selves, no matter what society tells us. Even so, sometimes we need our queer family to love us until we can fully love ourselves."
