## **Nemetschek Group at digitalBAU 2022: Strong Brands for the Construction Lifecycle**

**Munich May 24, 2022 – The Nemetschek Group presents its innovative software solutions for the entire construction lifecycle at digitalBAU 2022. The Group is exhibiting in a grand display in Hall 1 at the Cologne trade fair, both on a Nemetschek Group stand and on additional individual brand stands – forming a Nemetschek village.**

Focusing on leveraging open standards, increasing efficiency and sustainability, every Nemetschek brand is making an important contribution to the construction lifecycle from design to build to manage. CREM Solutions,

dRofus, FRILO, SCIA and Solibri present their solutions at the Nemetschek Group joint stand, Allplan, Bluebeam, Graphisoft, Graphisoft Building Systems (previously DDS), Nevaris and Vectorworks are represented with their own stands. Additionally, Sablono, an innovative start-up, that Nemetschek has invested in, will showcase its solutions at the Nemetschek booth.

Nemetschek Group CEO Yves Padrines commented that „the relevance of digitalBAU as a leading national and international industry trade fair in the construction industry is already enormous and we are proud to present our full range of intelligent software solutions empowering our customers to shape the world. This is sure to be a very successful event for all participants after the first digitalBAU 2020. We are looking forward to welcome customers and business partners in the Nemetschek area at our different booths.”

digitalBAU 2022 is taking place from May 31 until June 2, 2022, at the Cologne trade fair. The “Nemetschek area” in Hall 1 of the Cologne exhibition center, is located along the traverse between the Forum Lounge and the transition to Hall 5.

### **About the Nemetschek Group**

The Nemetschek Group is a pioneer for digital transformation in the AEC/O and the media & entertainment industries. With its intelligent software solutions, it covers the entire lifecycle of building and infrastructure projects, guides its customers into the future of digitalization and enables them to shape the world. As one of the leading corporate groups worldwide in this sector, the Nemetschek Group increases quality in the building process and improves the digital workflow for all those involved. Customers can design, build, and manage buildings more efficiently, sustainably and resource-saving. The focus is on the use of open standards (OPEN BIM). The portfolio also includes digital solutions for visualization, 3D modeling, and animation. The innovative products of the 13 brands of the Nemetschek Group in the four customer-oriented segments are used by approximately 6.5 million users worldwide. Founded by Prof. Georg Nemetschek in 1963, the Nemetschek Group today employs around 3,400 experts all over the world.

Publicly listed since 1999 and quoted on the MDAX and TecDAX, the company achieved revenue amounting to EUR 681.5 million and an EBITDA of EUR 222.0 million in 2021.
