- **Twelfth consecutive dividend increase**

Munich, March 14, 2025 - Nemetschek SE, a global software provider for digital transformation in the building and media industry, is planning the twelfth consecutive dividend increase after a successful financial year 2024.

At its meeting today, the Supervisory Board approved the Executive Board's resolution to propose a dividend of EUR 0.55 per share for the 2024 financial year at the Annual General Meeting on May 20, 2025. This is an increase of 14.6% compared to the previous year's dividend of EUR 0.48 per share.
