Nemetschek Group Wins at Construction Computing Awards

Munich, November 13, 2023 – The [Nemetschek Group](#), one of the leading software providers for the AEC/O and media industry, was once again successful at this year's Construction Computing Awards, known as "The Hammers", in London: The Nemetschek brands Graphisoft and Vectorworks were honored in two categories.

The prestigious [Construction Computing Awards](#) recognizes technologies, tools, and solutions for the effective planning, construction, maintenance, and conversion of commercial, residential, and social buildings and civil engineering projects of all sizes for the 17th time in 2023. This year, "The

Hammers” were awarded in almost 30 categories. The award ceremony took place in London on November 09, 2023.

Three Nemetschek Group brands, Graphisoft, SCIA, and Vectorworks, Inc., were nominated twelve times in the “Product of the Year,” “BIM Software of the Year,” and “Innovation of the Year” categories.

Graphisoft won the “BIM Product of the Year 2023” award with Archicad for the 13th time in a row.

Vectorworks won “The Hammers” for the fourth time in the “Architectural Design Software of the Year 2023” category for Vectorworks Architect.

“We are delighted to win two highly coveted ‘Hammers’. Our brands constantly strive to put the needs of our customers at the center of all product developments and innovations. Our dedication was once again rewarded at this year's awards. My congratulations and thanks go to the teams of all nominated brands, but of course, especially to Graphisoft and Vectorworks,” said Yves Padrines, CEO of the Nemetschek Group. “With our intelligent and customer-oriented solutions, all stakeholders along the construction industry's building lifecycle can shape the world and overcome the complex challenges of the 21st century through digitalization.”

Graphisoft, SCIA, and Vectorworks are part of the Nemetschek Group's Planning & Design Division. With its four segments – Planning & Design, Build & Construct, Operate & Manage, and Media & Entertainment – the Nemetschek Group covers the entire lifecycle of buildings. It provides creative professionals in the media & entertainment industry with tools to develop breathtaking 3D content, animations, graphics, videos, and computer games.

About the Nemetschek Group

The Nemetschek Group is a globally leading software provider for digital transformation in the AEC/O and media industries. Its intelligent software solutions cover the entire lifecycle of building and infrastructure projects and enable creatives to optimize their workflows. Customers can design, build, and manage buildings and infrastructures more efficiently and sustainably

and develop digital content such as visualizations, films and computer games more creatively. The software provider is driving innovations such as digital twins as well as open standards (OPEN BIM), and sustainability in the AEC/O industry, constantly expanding its portfolio by also investing in deep-tech startups. Currently more than seven million users worldwide are shaping the world with the customer-focused solutions of our four divisions. Founded by Prof. Georg Nemetschek in 1963, the Nemetschek Group today employs around 3,600 experts globally.

Publicly listed since 1999 and quoted on the MDAX and TecDAX, the company generated revenues amounting to EUR 801.8 million and an EBITDA of EUR 257.0 million in 2022.
