Responding to the Ukraine Crisis

We are shocked and saddened about the human impact of the current situation in and around the Russian invasion of Ukraine. Our hearts and thoughts are with the local population and our colleagues and community in the affected regions.

Our brands have taken immediate actions to protect our local people, from organizing visas to providing refugee housing to financial support. On group level, the Nemetschek Group has introduced a match donation program that is related to the humanitarian crisis in the Ukraine.

Since economic sanctions against Russia are an important mechanism in the

efforts to restore peace, the Nemetschek Group has decided to suspend any new business in Russia and all business with the sanctioned individuals, organizations, or regions for the time being.

The Nemetschek family stands with everyone affected by the crisis in Ukraine.

We wish all our customers, business partners and stakeholders to stay healthy in these challenging times.

Yves Padrines

CEO

Nemetschek Group

About the Nemetschek Group

The Nemetschek Group is a pioneer for digital transformation in the AEC/O and the media & entertainment industries. With its intelligent software solutions, it covers the entire lifecycle of building and infrastructure projects, guides its customers into the future of digitalization and enables them to shape the world. As one of the leading corporate groups worldwide in this sector, the Nemetschek Group increases quality in the building process and improves the digital workflow for all those involved. Customers can design, build, and manage buildings more efficiently, sustainably and resource-saving. The focus is on the use of open standards (OPEN BIM). The portfolio also includes digital solutions for visualization, 3D modeling, and animation. The innovative products of the 13 brands of the Nemetschek Group in the four customer-oriented segments are used by approximately 6.5 million users worldwide. Founded by Prof. Georg Nemetschek in 1963, the Nemetschek Group today employs around 3,400 experts all over the world.

Publicly listed since 1999 and quoted on the MDAX and TecDAX, the company achieved revenue amounting to EUR 596.9 million and an EBITDA of EUR 172.3 million in 2020.
