## Shaping the Future of Construction: Nemetschek Group at BATIMAT 2024 in Paris

**Munich, September 25, 2024** - The [Nemetschek Group](#), a leading global provider of software solutions for the AEC/O and media industry, will be presenting innovative software solutions for the entire building lifecycle at [BATIMAT 2024](#) from September 30 to October 3. The Munich-based company will be exhibiting at the Paris trade show at a joint stand with four of its brands to further drive digital transformation, open standards, increased efficiency and sustainability in the construction industry.

BATIMAT has been combining professionalism and innovation for more than

60 years. It is the meeting place for construction and architecture professionals, enabling them to exchange ideas and present innovative products and solutions that will shape the world of today and tomorrow. The event, which takes place every two years, aims to promote innovation and present to decision-makers in the French and international markets.

This year, the Nemetschek Group will once again be represented at BATIMAT and present its solutions at stand H1-E054. The focus of the presentation will be on the products of the brands Allplan (with SCIA), Bluebeam, Graphisoft and Nemetschek's own solution dTwin, which are primarily aimed at architects, planners, project managers and engineers.

### **About the Nemetschek Group**

The Nemetschek Group is a globally leading provider of software for digital transformation in the AEC/O and media industries. Its intelligent software solutions cover the entire life cycle of construction and infrastructure projects and allow creatives to optimize their workflows. Customers can plan, construct, and manage buildings and infrastructure more efficiently and sustainably, and develop digital content such as visualizations, films, and computer games in a creative way. The software company drives new technologies and approaches such as artificial intelligence, digital twins, and open standards (OPEN BIM) in the AEC/O industries to increase productivity and sustainability. We are continuously expanding our portfolio, including through investments in disruptive start-ups. More than 7 million users are currently designing the world with the customer-focused solutions of our four segments. Founded by Prof. Georg Nemetschek in 1963, the Nemetschek Group today employs more than 3,400 experts.

The company, which has been listed in the MDAX and TecDAX since 1999, achieved a revenue of EUR 851.6 million and an EBITDA of EUR 257.7 million in 2023.
