

ZBrush Summit Celebrates its 10th Anniversary Returning to a Live Event in Hollywood.

Apr 24, 2023 19:00 UTC

The Ultimate ZBrush Experience Returns This Fall

Hollywood, CA — April 24, 2023 — Maxon, developers of professional software solutions for editors, filmmakers, motion designers and visual effects artists, is pleased to announce that registration is now open for The ZBrush Summit 2023, the premier event for digital sculpting and art. The event's return to an in-person format also marks its 10th anniversary. Hosted by the Maxon team, the event will take place in Hollywood, CA and virtually from September 28th to October 1st, 2023. The four-day event will stream live, offering an engaging, real-time online experience where attendees all over the world can interact with a global community from a diverse cross-section of industries.

The event will take place at the Gnomon School of Visual Effects, conveniently located in Los Angeles (adjacent to Hollywood) at 1015 North Cahuenga Blvd. **The event will feature:**

Artist Insights

Attendees gain access to exclusive presentations by renowned digital artists and industry leaders from around the world. Highlights include detailed procedures and industry specific pipeline applications of ZBrush. Live Q&A sessions provide a rare opportunity for attendees to interact with and receive feedback from their favorite artists. This unique experience empowers artists while elevating their sculpting skills and knowledge.

Live ZBrush Sculpt-off

The live ZBrush Sculpt-Off is the world's most prestigious digital sculpting competition. Bringing together the best digital sculptors from diverse backgrounds and international pedigree. Competitors go head-to-head in front of a live and streaming audience to create masterpieces aligned with a given prompt while trying to complete their work within a set time limit. Bare witness to the power of ZBrush as digital sculptors showcase their speed and creativity in their quest to be crowned champion.

Creative Lifestyle

The Creative Lifestyle segment at the ZBrush Summit provides attendees a unique opportunity to see the creative process in action and to gain insight into the tools and techniques used by leading digital artists. The workshops may cover a range of topics, such as concept art, character design, and 3D printing, among others. Attendees will have the chance to ask questions and interact with industry luminaries and experience an immersive and enriching environment meant to inspire creativity and encourage artists to push the boundaries of their own artistic abilities.

Registration for the event is now open at zbrushsummit.com. Whether attending in person or virtually, the ZBrush Summit will be the ultimate experience for digital sculpting and art enthusiasts.

About the Nemetschek Group

The Nemetschek Group is a globally leading software provider for digital transformation in the AEC/O and media industries. Its intelligent software solutions cover the entire lifecycle of building and infrastructure projects and enable creatives to optimize their workflows. Customers can design, build, and manage buildings and infrastructures more efficiently and sustainably and develop digital content such as visualizations, films and computer games more creatively. The software provider is driving innovations such as digital twins as well as open standards (OPEN BIM), and sustainability in the AEC/O industry, constantly expanding its portfolio by also investing in deep-tech startups. Currently more than seven million users worldwide are shaping the world with the customer-focused solutions of our four divisions. Founded by Prof. Georg Nemetschek in 1963, the Nemetschek Group today employs around 3,600 experts globally.

Publicly listed since 1999 and quoted on the MDAX and TecDAX, the company generated revenues amounting to EUR 801.8 million and an EBITDA of EUR 257.0 million in 2022.
