Vectorworks at Prolight + Sound 2024

The leading CAD software in the event industry invites you to Prolight + Sound in Frankfurt from March 19th to 22nd. In Hall 12.0 at booth E58, national and international experts will showcase the versatile capabilities of Vectorworks Spotlight and will be available to answer any questions.

Vectorworks provides an ideal platform for event professionals and newcomers to inform themselves, engage in personal exchanges, and gain valuable insights. Our experts are attentive and ready to answer questions about cable planning, trussing, GDTF & MVR, Braceworks, Vision, ConnectCAD, and much more.

International Vectorworks Expertise

Supported by product experts from the US manufacturer Vectorworks, Inc., on-site interested parties and users have the opportunity to benefit from international expertise. Through networking and personal exchanges, all participants can learn from each other to experience the full potential of Vectorworks and share it with colleagues.

Prolight + Sound 2024 offers planners from the event industry the opportunity to discover how efficient collaboration with Vectorworks Spotlight can be. Especially in the areas of lighting, sound, stage construction, and video technology for film, television, theater, and show stages, the software provides real added value. As a universal tool in the design field, Vectorworks Spotlight supports users in tasks such as stage design, lighting design, event planning, trade fair construction, and technical documentation.

Interested parties can schedule a personal appointment in advance here: <https://www.computerworks.de/termine/messetermine/anmeldung/166.html>

About the Nemetschek Group

The Nemetschek Group is a globally leading software provider for digital transformation in the AEC/O and media industries. Its intelligent software solutions cover the entire lifecycle of building and infrastructure projects and enable creatives to optimize their workflows. Customers can design, build, and manage buildings and infrastructures more efficiently and sustainably and develop digital content such as visualizations, films and computer games more creatively. The software provider is driving innovations such as digital twins as well as open standards (OPEN BIM), and sustainability in the AEC/O industry, constantly expanding its portfolio by also investing in deep-tech startups. Currently more than seven million users worldwide are shaping the world with the customer-focused solutions of our four divisions. Founded by Prof. Georg Nemetschek in 1963, the Nemetschek Group today employs around 3,600 experts globally.

Publicly listed since 1999 and quoted on the MDAX and TecDAX, the company achieved a revenue of EUR 851.6 million and an EBITDA of EUR 257.7 million in 2023 according to preliminary figures.
